

Language: Mechanics: Punctuation:

Contractions

Students

Learning Continuum Statements:

Students:

RIT 151-160:

- Understands the contraction for "do not"

Students:

RIT 161-170:

- Understands the contraction for "cannot"
- Understands the contraction for "do not"

Students:

RIT 171-180:

- Understands the contraction for "cannot"
- Understands the contraction for "could not"
- Understands the contraction for "did not"
- Understands the contraction for "do not"
- Understands the contraction for "does not"
- Understands the contraction for "I have"
- Understands the contraction for "is not"
- Understands the contraction for "it is"
- Understands the contraction for "they are"

Students:

RIT 181-190:

- Understands the contraction for "cannot"
- Understands the contraction for "could not"
- Understands the contraction for "did not"
- Understands the contraction for "do not"
- Understands the contraction for "it is"
- Understands the contraction for "they are"
- Understands the contraction for "they will"
- Understands the contraction for "they would"
- Understands the contraction for "was not"
- Understands the contraction for "we are"
- Understands the contraction for "will not"

Students:

RIT 191-200:

- Understands that an apostrophe is needed to form a contraction
- Understands the contraction for "cannot"
- Understands the contraction for "could not"
- Understands the contraction for "has not"
- Understands the contraction for "I will"
- Understands the contraction for "it is"
- Understands the contraction for "should not"
- Understands the contraction for "they are"
- Understands the contraction for "we are"

- Understands the contraction for "we have"
- Understands the contraction for "will not"
- Understands the contraction for "you are"

Students:

RIT 201-210:

- Identifies a contraction
- Recognizes errors in contraction formation
- Understands the contraction for "it is"
- Understands the contraction for "they are"
- Understands the contraction for "we are"
- Understands the contraction for "will not"

Students:

RIT 211-220:

- Recognizes errors in contraction formation

Students:

RIT 221-230:

- Recognizes errors in contraction formation
