

Math 6+: Algebraic Concepts Nonlinear Functions

Quadratic Functions

Students

Learning Continuum Statements:

Students:

RIT 211-220:

- Interprets zeros, extreme values, and symmetry of a graph within the context of a real-world quadratic relationship

Students:

RIT 221-230:

- Describes the effects that changes in the constant terms have on the graphs of quadratic functions
- Writes a quadratic function given a table of values
