Absolute Value: Concepts and Properties

Students	Learning Continuum Statements:
Students:	**RIT 221-230:** • Evaluates the absolute value of a number
Students:	**RIT 231-240:** • Evaluates numerical expressions involving absolute value • Evaluates the absolute value of a number
Students:	**RIT 241-250:** • Interprets the absolute value of rational numbers in terms of their relative position to 0 in a given real-world situation • Orders the absolute values of rational numbers
Students:	**RIT 251-260:** • Understands that the distance between two integers on a number line is equal to the absolute value of the difference
