

Science 3 – 5 for use with NGSS 2013:

Physical Science: Energy; Waves and Their Applications in Technologies for Information Transfer

Energy Forms

Students**Learning Continuum Statements:**

Students:**RIT 181-190:**

- Identifies the form of energy that causes different motions
- Describes energy sources for devices
- Describes energy inputs/outputs of devices

Students:**RIT 191-200:**

- Describes how changes in speed affect the motion energy of objects
- Describes energy sources for devices
- Describes energy inputs/outputs of devices

Students:**RIT 201-210:**

- Describes how changes in speed affect the motion energy of objects
 - Describes energy sources for devices
-
