

## Science 3 – 5 for use with NGSS 2013:

### Physical Science: Matter and Its Interactions

## Chemical Reactions

Students	Learning Continuum Statements:
----------	--------------------------------

---

Students:

**RIT 181-190:**

- Determines evidence needed to support claims about chemical reactions

Students:

**RIT 191-200:**

- Recalls whether changes in temperature cause reversible or irreversible changes to common substances
