

Science 3 – 5 for use with NGSS 2013:

Physical Science: Matter and Its Interactions

Engineering Design Solutions

Students

Learning Continuum Statements:

Students:

RIT 171-180:

- Compares structural properties of objects to determine their suitability for a problem's solution

Students:

RIT 181-190:

- Compares structural properties of objects to determine their suitability for a problem's solution

Students:

RIT 191-200:

- Compares structural properties of objects to determine their suitability for a problem's solution
