

Science 3 – 5 for use with NGSS 2013:

Physical Science: Motion and Stability: Forces and Interactions

Engineering Problems

Students

Learning Continuum Statements:

Students:

RIT 191-200:

- Asks scientific questions about factors affecting motions of objects

Students:

RIT 201-210:

- Asks scientific questions about factors affecting motions of objects
- Determines which design problems can be solved using magnets
- Defines design problems about the motion of objects and the forces affecting that motion
