

News from Mrs. Bowlden's Room

Thursday, April 24, 2003

Have you seen your child's math and reading grades lately?

Mrs. Bowlden's math & reading students receive a Progress Report with updated grades EVERY MONDAY!

Math: MATH ISAT Test: Monday, April 28 at 9:05

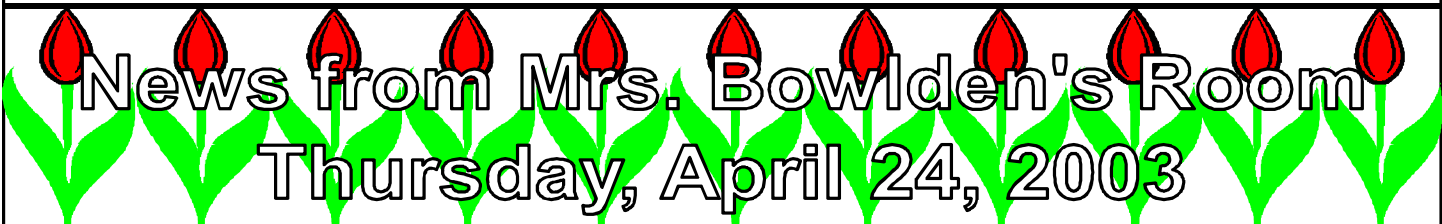

My math class will be working next week on some basic probability and ratios based on fractions. We will also make a connection between fractions, decimals, and percentages.

In my class, the final test over Fractions will be on Friday, May 9. The pre-test for our next (and last!) unit, Measurement, will be on Wednesday, May 7.

***No homework next week due to Math ISAT Testing.

Reading: Novel project assignments are due by Wednesday, April 30.

We will continue to work on developing our vocabulary of Latin and Greek roots throughout the rest of the year. We will also complete one more novel study, beginning on May 12.
